THE FUNDACIÓN SECRETARIADO GITANO

The Fundación Secretariado Gitano (FSG) is a non-profit social and intercultural organisation which provides services for the development of the Roma community throughout Spain and Europe. We have been working for over 30 years for a more just society for everyone.

LETTER FROM THE PRESIDENT

PEDRO PUENTE

A year of celebration and good results

We present the 2015 Annual Report featuring the most noteworthy results of our activities.

The perfect time to share the impact of our work with the public administrations, organisations, companies, partners, volunteers, our team of professionals and all of the Roma who support our mission. Thank you! It is your trust that motivates us and makes it possible for all of us working together to help improve the lives of thousands of Roma and non-Roma people.

OUR MISSION

The integral advancement of the Roma community based on respect for cultural diversity. We seek equal opportunities, personal advancement and social change.

OUR VALUES

- **DIGNITY** we believe in the intrinsic value of human beings.
- **SOCIAL JUSTICE** we believe in a society in which human rights are respected.
- **EQUALITY** not only of the legal or formal sort but also equal opportunities.
- **FULL CITIZENSHIP** where Roma are able to exercise their rights and duties in all respects.

OUR TEAM

INTERCULTURAL, PROFESSIONAL AND COMMITTED

The FSG team is an intercultural group of professionals. It is composed of Roma and non-Roma who are involved and committed to the integral advancement of the Roma community, equal opportunities and social change.

Professionals, together with volunteers, student interns and outside collaborators, are the most important asset of the Fundación Secretariado Gitano. A team that each year becomes increasingly effective and more aware of what is truly important, allowing us to achieve results that have a real and tangible impact on people's lives and their opportunities for inclusion, today and in the future.

EDUCATION AS DRIVING CHANGE FOR ROMA YOUTH

The *Promociona* Programme helps more and more young Roma to finish secondary school and continue on to higher studies. During the 2014-2015 school year, 66% of the *Promociona* students in primary school and 40% in secondary school were promoted to the next grade level having passed all of their classes.

Moreover, 82% of *Promociona* students in their last year of compulsory secondary education graduated and 81% of these then enrolled in post-compulsory education.

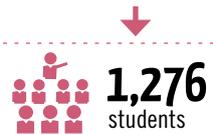

Also in 2015, 48 students took part in the **Mentoring** Project to get a close-up look at their dream job and become motivated to embark on their educational pathway.

The certificate course on *Social Intervention with the Roma Community* was taught for the 7th year. Thirty students enrolled this year, most of whom were scholarship recipients. This is a diploma awarded jointly by the Public University of Navarre and the FSG. It is an online course and includes two on-site meetings. Its aim is to offer specialised university training for the management of programmes designed to eliminate discrimination and mitigate the prevailing inequality affecting the Roma community.

HOUSING WE SUPPORT ROMA FAMILIES IN GAINING ACCESS TO DIGNIFIED AND INCLUSIVE HOUSING

SOCIAL INCLUSION IS ONLY POSSIBLE WHEN ACCOMPANIED BY DECENT HOUSING

That is why we accompany and counsel families as they adjust to their new home, focusing on caring for one's surroundings and living in community. We also promote positive co-existence among neighbours to help build a sense of community in the neighbourhood.

We offer counselling on related topics such as social rent, public housing, eviction proceedings, etc., and have responded to 342 requests for support in 2015.

* We draw a distinction between individual persons who benefit from our actions or programmes (Beneficiaries) and the addition of the number of times they participate in them (Participants). The comprehensive care that a person may require may imply that he/she takes part in several actions within our different lines of intervention such as employment, education, housing, etc.

EQUALITY WE COMBAT DISCRIMINATION AND ANTI-GYPSYISM

We provide support and advice to the victims of hate crime and discrimination and even take cases to court. We coordinate the *Assistance Service for Victims of Racial or Ethnic Discrimination* formed by seven other organisations: ACCEM, CEAR, Spanish Red Cross, Fundación Cepaim, MCI, MPDL and the Red Acoge. In 2015 the Service registered 565 racial or ethnic incidents.

We publish the *XI Annual Discrimination and Roma Community Report* registering 194 cases, with 382 victims identified.
