

Acceder, for the employment of the Roma Community

61.36%
Budget

16,831
Participants

Acceder is a national labour intermediation programme seeking to promote the effective labour inclusion of the Roma community as the gateway to social inclusion. The Acceder programme develops an individualised, integrated and multidimensional approach and takes into consideration the family and community surrounding of the persons, and also deals with the labour market, detecting job opportunities and relevant alliances with companies.
